1. OPENING

1 The Chairman of the Regional Committee, Professor T. Nemoto, called the Committee to order at 10.00 a.m. on 5 February 1990. The Chairman welcomed all the participants and expressed great thanks to the host country, People's Republic of China, the Province of Zhejiang and the City of Hangzhou for the arrangements made for the Session. He also explained that this was the final session of the Regional Committee since the Fifteenth Session of the IOC Assembly, through Resolution XV-9, had created the IOC Sub-Commission for the Western Pacific (WESTPAC), following the Recommendation WESTPAC-IV.1, adopted by the Regional Committee at its Fourth Session (Bangkok, Thailand, 22-26 June 1987).

2 The Secretary IOC, Dr. G. Kullenberg, on behalf of IOC, welcomed all participants and expressed his sincere thanks to the Local Organizing Committee, the City and Province and the host country for all the excellent arrangements made. The List of Participants is given in Annex II.

3 The Chairman declared the Session opened.

2. ADMINISTRATIVE ARRANGEMENTS

2.1 ADOPTION OF THE AGENDA

4 The Regional Committee adopted the Provisional Agenda as circulated (Annex I).

2.2 DESIGNATION OF RAPPORTEUR FOR THE SESSION

5 Australia proposed Professor Su Jilan of China. USSR, USA, Democratic People's Republic of Korea seconded this proposal. The Regional Committee designated Professor Su Jilan as Rapporteur for the Session.

2.3 CONDUCT OF THE SESSION

6 The Secretary IOC introduced the documentation which had been circulated in advance of the Session, in particular the Annotated Provisional Agenda and the Report of the Secretary on Intersessional Activities.

3. REPORT ON INTERSESSIONAL ACTIVITIES

7 The Secretary IOC presented the report (Document IOG/WESTPAC-V/6) and reviewed the contents, noting the separate presentation of regional WESTPAC projects and regional components of IOC global science programmes. He noted that the Chairman of WESTPAC, in accordance with the Recommendation adopted at WESTPAC-IV, had appointed Programme Co-ordinators and related Project Leaders. He further noted the progress made in several projects, including:

- (1) Toxic and Anoxic Phenomena Associated with Algal Blooms in the WESTPAC Region, with several workshops and training activities;

- (ii) Recruitment of Penaeid Prawns in the Indo-Western Pacific Region with workshops and training activities;
- (iii) Monitoring Heavy Metals and Organochlorine Pesticides using the Musselwatch Approach, with the preparation of a global master plan and associated regional plan and a strategy for implementation and several related scientific and training activities;
- (iv) Banding of Porites Corals as a Component of Ocean Climate Studies, with a workshop and the preparation of a strategy for implementation;
- (v) Continental Shelf Circulation in the Western Pacific, with a workshop and preparation of a scientific plan and implementation strategy.

8 Four other projects identified by WESTPAC-IV had also progressed intersessionally with workshops and consultations. The Secretary noted that, where appropriate, there had been interaction with relevant global programmes and their groups of experts.

The Regional Committee took note with appreciation and satisfaction of the report. It also expressed its appreciation for the support given by several Member States to Training, Education and Mutual Assistance (TEMA) activities. The Committee put on record the importance of TEMA and stressed that it would like to see such activities further strengthened within the various projects. The Committee also emphasized the need for strengthening communication and keeping National Action Addressees properly informed of all activities.

9 The Committee further expressed the view that the Regional Directory on Marine Pollution Research and Monitoring which had been initiated should be completed.

The Chairman of the Scientific Seminar preceding the Session, particularly noted that the Seminar had considered that implementation of the nine projects should continue and be further strengthened.

10 The Regional Committee concluded that the regional projects it had initiated should be transmitted to the Sub-Commission with the endorsement for continuation. The Sub-Commission's attention was also drawn to the global programmes and related regional inputs and components.

4. PROJECTS OTHER THAN IOC/WESTPAC SERVING THE OBJECTIVES OF WESTPAC

11 The Chairman referred to the decision of the Regional Committee to distinguish between projects which had been adopted by the Committee at its session, and other projects which could serve the objectives of WESTPAC. He also recalled discussions at the Fifteenth Session of the IOC Assembly on co-operation between WESTPAC and other organizations and programmes.

12 The Regional Committee recalled the reasons for identifying these two categories of projects, namely that some projects could be endorsed as WESTPAC projects after proper review by the Committee, while others could be identified as contributing to the objectives, also intersessionally by the Chairman, for reconsideration at a later session for possible endorsement as WESTPAC projects. The Committee strongly recommended that some intersessional temporary endorsement mechanism be established by the Sub-Commission, for instance in the form of a bureau of officers. Hence this matter should also be discussed by the Sub-Commission.

13 The representative of Unesco ROSTSEA, Dr. R. Harger, drew the Committee's attention to a document to be distributed, presenting several relevant projects implemented by Unesco in the region.

5. **FORMAL TERMINATION OF THE REGIONAL COMMITTEE FOR WESTPAC**

14 The Chairman reported on the decision of the Assembly at its Fifteenth Session to establish the IOC Sub-Commission for the Western Pacific to replace the Regional Committee. He consequently concluded that this was the final session of the Regional Committee. The Secretary IOC concluded that the Chairman would continue as Chairman of the First Session of the Sub-Commission for the Western Pacific and formally announced the termination of the Regional Committee. The report of this Session was presented to the Sub-Commission for approval.

6. **CLOSURE**

15 The Chairman closed the Session at 12.00 hours, 5 February 1990.
